

SAWDUST WRITERS GROUP

Have you ever wanted to write a story, a book, or an article for a magazine? Do you have a piece that you've written and don't know what the next step is to get it out there? Or do you need the motivation to just get started or put the finishing touches on that story that's been staring back at you for who knows how long? Writer's block? Writer's cramp?

First time or seasoned writer, there's something here for each of you.

This is the place for you to be!

We have a network of published writers, editors, illustrators, printers, publishers, a web site developer geared toward book sales and marketing and a professional sound technician for CD and tape recordings. We can show you how to acquire ISBN numbers and apply for copyrights for printed and audio material. We can simply be a sounding board for your ideas and material.

***So get started ☑ get going and write!!
We have a wealth of information and great people willing to share
with you.***
